Cycling UK Affiliate Membership for Individuals

FCCC members can get some of the benefits of full Cycling UK membership at a substantially reduced cost via the affiliate membership scheme, given that FCCC has a group membership with Cycling UK.

IMPORTANT – affiliate membership of Cycling UK does **not** include access to their legal helpline or to their magazine. It does still include third-party liability insurance and discounts with certain stores.

Go to their website for full details:

The current cost for affiliate membership is £25 per year. Full individual membership is £46.50.

The club code to use is 8004260.
